

PSA Nitrogen Generator for oil industrial, High reliability and high safety

Our Product Introduction

for more products please visit us on nitrogengeneratorsystem.com

Basic Information

- Place of Origin: CHINA
- Brand Name: GASPU
- Certification: CE
- Model Number: MD
- Minimum Order Quantity: 1set
- Price: Negotiate
- Packaging Details: Plywood or other type
- Delivery Time: 75work days
- Payment Terms: T/T
- Supply Ability: 4set/month

Product Specification

- Warranty: 1 Year
- Usage: Nitrogen
- Condition: 50-1000Nm³/hr
- Voltage: 220V/380V/440V
- Customized: Accept
- Power(w): 0.5kw
- Color: Customized
- Technology: Pressure Swing Adsorption (PSA)
- Material: Steel, Carbon Steel / Stainless Steel
- Highlight: **psa onsite nitrogen generation, generator onsite nitrogen generation, industrial psa nitrogen generator**

Product Description

PSA Nitrogen Generator for oil industrial, High reliability and high security

The GASPU nitrogen production system can adapt to various working conditions and environments for oil and natural gas extraction and storage, comply with relevant industry international standards, and produce nitrogen on site that meets various pressure, purity, and flow requirements.

The nitrogen produced is mainly used for the transportation and storage of oil and natural gas; Nitrogen protection for gas drive devices and instrument control panels related to oil and gas extraction and transportation; Maintain well pressure and increase oil and gas production; Nitrogen injection can increase crude oil production; Completion and maintenance of oil and gas wells.

Performance characteristics:

Capacity:100-1200Nm³/h

Purity:95 -99.99

Dew point:-45 -60

Discharge Pressure:3-8bar

Special Pressure:300-350bar

Standard:

GB150

ASME

API

GOST-K

GOST-U

PED
