

## 240V Integrated Instrument Air Skid Based air Compressor Package

Our Product Introduction

for more products please visit us on [nitrogengeneratorsystem.com](http://nitrogengeneratorsystem.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: GASPU
- Certification: CE
- Model Number: IA
- Minimum Order Quantity: 1set
- Price: Negotiate
- Packaging Details: Plywood or other type
- Delivery Time: 90work days
- Payment Terms: T/T
- Supply Ability: 2set/month

### Product Specification

- Material: CS OR SS
- BRAND: GASPU
- Standard: ASME Or PED Or Others
- Color: Customizable
- Dew Point: Below-40
- Highlight: 240V Instrument Air Skid,  
Integrated Instrument Air Skid,  
240V instrument air compressor package

## Product Description

Instrument air skid, Skid based, integrated, including compressors

The instrument air skid mainly consists of air compressor, air tank, filter, dryer, valve, instrument, control box, etc.

Air compressor: mainly provides compressed air.

Air tank: stabilizes air pressure, reduces air temperature, and simultaneously discharges liquid water.

Filter: Filter to remove impurities such as air, water vapor, oil, dust, etc.

Drying machine: deeply removes water to meet the instrument air dew point requirements.

The entire set of equipment is completed under the control of PLC, working fully automatically or manually.

There is a dew point monitoring instrument installed behind the dryer. Once the dew point of the A # dryer does not meet the requirements, the PLC will automatically switch to B # dryer for operation.
