

Two Sets PSA Nitrogen Generators At Syr Darya Gas Power Plant In Uzbekistan

Our Product Introduction

for more products please visit us on nitrogengeneratorsystem.com

Basic Information

Product Specification

- Cooling Method: Air Cooling
- Oem: Offered
- Condition: New
- Out Put Apacity: 30Nm³/h
- Air Factor: 2.6~3.5
- Dew Point: -40
- Model: XYZ-100
- Pressure: 0.7-1.0 MPa
- Automatic Operation: Yes
- Type: TY200-295
- Output Flow: 5Nm³/h--2000Nm³/h
- Production Rate: 5~2000Nm³/h
- Dew Dew Point: -50
- Usage Life: 20years
- Capaicty: 5-5000 Nm³/h

Product Description

GASPU has numerous customers in the global natural gas power plant industry.

Two sets of PSA nitrogen generators with a capacity of 35Nm³/h and a nitrogen purity of 98% are installed at Beijing Taiyanggong Gas Power Plant

Wuhan Wuchang Gas Power Plant five sets of PSA nitrogen generators 20Nm³/h 99.99%

Beijing Gaojing Gas Power Plant has two sets of PSA nitrogen generators with a capacity of 51Nm³/h and a 98% capacity

Beijing Jingxi Gas Power Plant has two sets of PSA nitrogen generators with a capacity of 51Nm³/h and a 98% capacity

Tianjin Lingang Gas Power Plant has two sets of PSA nitrogen generators with a capacity of 80Nm³/h and a 95% capacity

Shanxi Changzhi Gas Power Plant Two sets of PSA nitrogen generators 50Nm³/h 99%

Shanxi Changzhi Gas Power Plant Two sets of PSA nitrogen generators 100Nm³/h 99%

Beijing Gao'antun Gas Power Plant has two sets of PSA nitrogen generators with a capacity of 35Nm³/h and a 98% capacity

Inner Mongolia Shengle Gas Power Plant Two sets of PSA nitrogen generators 100Nm³/h 99%

Huaneng Zuoquan Gas Power Plant has two sets of PSA nitrogen generators with a capacity of 100Nm³/h and a capacity of 99%

Datang Shenzhen Baochang Gas Power Plant Membrane Separation Nitrogen Generator MD1.5N-10 * 3 30Nm³/h 95%

Iraq Huashide Gas Power Plant Two sets of PSA nitrogen generators 20Nm³/h 99.9%

Two sets of PSA nitrogen generators with a capacity of 60Nm³/h and a 95% capacity at the Sylhet Gas Power Plant in Bangladesh

Two sets of PSA nitrogen generators with a capacity of 20Nm³/h and a 98% capacity at Minsk NO.5 Gas Power Plant in Belarus

Pakistan Jihang Gas Power Plant Two sets of PSA nitrogen generators 200Nm³/h 95%

Two sets of PSA nitrogen generators with a capacity of 200Nm³/h and a 95% capacity at the Thar Gas Power Plant in Pakistan

Two sets of PSA nitrogen generators for the self owned gas-fired power plant of Bahrain Aluminum Plant Phase III

Two sets of PSA nitrogen generators at the Syr Darya Gas Power Plant in Uzbekistan
