

30Nm3/H GASPU PSA Nitrogen Generators In Gas Fired Power Plants Worldwide

Our Product Introduction

for more products please visit us on nitrogengeneratorsystem.com

Basic Information

- Place of Origin: china
- Brand Name: gaspu
- Certification: ce
- Model Number: pd

Product Specification

- Usage Life: 10 Years
- Out Put Apacity: 30Nm3/h
- Production Capacity: 5-1000 M3/hour
- Machinery Test Report: Provided
- Automation: Fully Automation
- Core Components: PLC, Pressure Vessel
- Other Name: Psa Nitrogen Gas Plant
- Nitrogen Outlet Purity: 95-99.9995%
- Life Span: At Least 15-20 Years
- After Service: Yes
- Weight: 3200 KG
- Dscharge Pressure: 0.3-0.6 Mpa
- Specification: TY40-39
- Sample: Available
- Flow: 3~5500 Nm/h

Product Description

GASPU PSA nitrogen generators have numerous customers in gas-fired power plants worldwide.

GASPU PSA nitrogen generators have numerous customers in gas-fired power plants worldwide. GASPU nitrogen generator and instrument air equipment have good cooperation with Atlas gas generator, Siemens gas generator and GE gas generator.

Two sets of PSA nitrogen generators with a capacity of 20Nm³/h at the Huashide Power Plant in Iraq

Two sets of PSA nitrogen generators with a capacity of 60Nm³/h are installed at the Sylhet Gas Power Plant in Bangladesh

Two sets of PSA nitrogen generators with a capacity of 20Nm³/h at Minsk 5 power plant in Belarus

Two sets of PSA nitrogen generators with a capacity of 200Nm³/h are installed at the Jihang Power Plant in Pakistan

Two sets of PSA nitrogen generators with a capacity of 200Nm³/h are installed at the Thar Power Plant in Pakistan

Two sets of PSA nitrogen generators for the self owned power plant of Bahrain Aluminum Plant Phase III

Two sets of PSA nitrogen generators at the Syr Darya Power Plant in Uzbekistan

Beijing Taiyanggong Power Plant

Wuhan Wuchang Power Plant

Beijing Gaojing Power Plant

Beijing Jingxi Electric Power Plant

Tianjin Lingang Power Plant

Shanxi Changzhi Power Plant

Beijing Gao'antun Power Plant

Inner Mongolia Shengle Power Plant

Huaneng Zuoquan Power Plant
