

LCD Screen Nitrogen Generator with Bluetooth 5.0 Connectivity and Rechargeable Battery for Gas Detection

Our Product Introduction

for more products please visit us on nitrogengeneratorsystem.com

Basic Information

- Brand Name: Gaspu Scientific
- Certification: ISO90001
- Model Number: 0007
- Minimum Order Quantity: 1
- Price: \$10000
- Packaging Details: In Carton
- Delivery Time: The Complete Set Of Equipment Will Be Provided Within 45 Days After Receiving The Advance Payment.
- Payment Terms: 40% Of The Contract Amount Is Prepaid; 60% Of The Contract Amount Is Paid After The Goods Are Inspected And Approved Before Shipment

Product Specification

- Application: Gas Detection And Analysis
- Productname: Gaspu Scientific
- Operatingtemperature: -10°C To 50°C
- Powersupply: Rechargeable Battery
- Displaytype: LCD Screen
- Accuracy: $\pm 1.5\%$
- Package: Carton Packaging
- Connectivity: Bluetooth 5.0
- Highlight: **LCD Screen Nitrogen Generator , Bluetooth 5.0 Nitrogen Generator, Rechargeable Battery Nitrogen Generator**

Product Description

Gaspu Scientific Nitrogen Generator

Advanced scientific instrument designed for modern laboratories and industrial applications, featuring cutting-edge nitrogen generation technology with precision performance and reliable operation.

Key Features

- LCD screen with intuitive navigation and real-time monitoring
- GASPU parameter refinement for precise operational control
- Bluetooth 5.0 connectivity for remote monitoring and control
- Dual nitrogen generation technologies: PSA and Membrane Separation
- Rechargeable battery powered operation
- ISO90001 certified quality standards

Technical Specifications

Model Number	0007
Dimensions	400 × 350 × 350 mm
Power Requirements	220V 50Hz, 0.2kW
Origin	Suzhou, China

Applications

The Gaspu Scientific Membrane Separation Nitrogen Generator is engineered for applications requiring ultra-pure nitrogen gas, including:

- Research laboratories and chemical analysis
- Pharmaceutical production and quality control
- Environmental monitoring and analysis
- Food packaging and preservation
- Electronics manufacturing
- Industrial gas detection and analysis

Customization Options

Gaspu Scientific offers tailored solutions to meet specific operational requirements. Our customization services include:

- Parameter optimization for specific applications
- Integration with existing laboratory systems
- Custom purity and flow rate requirements
- Specialized packaging and delivery options

Pricing & Delivery: \$10,000 per unit (minimum order: 1 unit)
Delivery Time: 45 days after advance payment
Payment Terms: 40% advance, 60% after inspection before shipment
Packaging: Secure carton packaging

Technical Support & Services

Comprehensive support services to ensure optimal performance and reliability:

- Expert installation, maintenance, and calibration services
- Comprehensive technical documentation and user manuals
- Tailored training sessions and workshops
- Prompt professional repair services using genuine parts
- Extended warranty options and customized service agreements
- Dedicated technical support team for troubleshooting
