

IP55 Motor Protection Air Compressor with 37kW to 355kW Power for Portable and Stationary Industrial Use

Our Product Introduction

Basic Information

- Brand Name: Atlas
- Certification: ISO0001
- Model Number: AQ45VSD
- Minimum Order Quantity: 1
- Price: \$100000
- Packaging Details: In Carton
- Delivery Time: The Complete Set Of Equipment Will Be Provided Within 45 Days After Receiving The Advance Payment.
- Payment Terms: 40% Of The Contract Amount Is Prepaid; 60% Of The Contract Amount Is Paid After The Goods Are Inspected And Approved Before Shipment.

Product Specification

- Model: 4-55KW
- Maximum Pressure: 120 PSI - 175 PSI
- Horsepower: 1.5 HP - 30 HP
- Portability: Portable / Stationary
- Motor Protection: IP55
- Cooling System: Air-cooled / Water-cooled
- Packing: Carton, Wooden Or As Required
- Voltage: 110V / 220V / 380V
- Highlight: **IP55 Motor Protection Air Compressor, 37kW to 355kW Power Compressor, Portable and Stationary Industrial Air Compressor**

Product Description

IP55 Motor Protection Air Compressor

Powerful 37kW to 355kW portable and stationary models designed for superior industrial performance and reliability.

Product Overview

Our air compressor products provide reliable and efficient compressed air solutions for diverse applications. From compact portable units for fieldwork to robust stationary systems for industrial use, our compressors deliver exceptional performance and durability.

Key Features

- IP55 motor protection against dust and water jets
- Power range: 37kW to 355kW (200kW - 355kW rated)
- Capacity: 392.6 - 2288.1 CFM (11.12 - 64.8 M³/min)
- Voltage options: 110V, 220V, 380V
- Single-phase and three-phase configurations
- Portable and stationary models available
- Air-cooled and water-cooled systems
- Customizable packaging options

Technical Specifications

Parameter	Specifications
Portability	Portable / Stationary
Motor Protection	IP55
Installation Type	Movable Type
Rated Power	200kW - 355kW
Maximum Pressure	120 PSI - 175 PSI
Usage	Tire Inflator Air Compressor
Capacity	392.6 - 2288.1 CFM, 11.12 - 64.8 M ³ /min
Cooling System	Air-cooled / Water-cooled
Phase	Single-phase / Three-phase
Packing	Carton, Wooden Or As Required

Applications

The Atlas AQ45VSD air compressor is engineered for diverse industrial and commercial applications where reliable compressed air is essential.

Primary Application Areas

- Manufacturing plants and workshops
- Construction sites and field operations
- Automotive repair and maintenance facilities
- Pneumatic tool operation and paint spraying
- Tire inflation and impact wrench operations
- Emergency repair and field service scenarios

Customization Options

Our air compressors can be tailored to meet your specific operational requirements with comprehensive customization services.

Customization Features

Oil-injected and oil-free industrial compressors
Horsepower range: 1.5 HP to 30 HP
Motor power: 37kW to 355kW
Multiple voltage configurations (110V, 220V, 380V)
Portable, onboard, and fixed installation options
Custom packaging solutions

Ordering Information

Minimum Order Quantity: 1 unit
Delivery Time: 45 days after advance payment
Payment Terms: 40% prepayment, 60% after inspection
Certification: ISO0001
Manufacturing Origin: Wuxi, China
