

Nitrogen Generation Skid Containerized Mobile N2 System 200Nm3/h 99.5% Purity 20ft ISO

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: GASPU
- Certification: CE, ISO 9001
- Model Number: NGM-200C
- Minimum Order Quantity: 1 Set
- Price: USD 90000-300000 / Set
- Packaging Details: Export wooden case with waterproof lining and foam protection
- Delivery Time: 110 working days
- Payment Terms: T/T,L/C
- Supply Ability: 4 Sets per Month

Product Specification

- N2 Capacity: 200 Nm3/h
- N2 Purity: 99.5%
- Container Size: 20ft ISO High Cube
- Working Pressure: 0.7-1.0 MPa
- Deployment Time: Within Hours
- Control System: PLC + HMI Touch Screen
- Noise Level: Below 75 DB(A) At 1m
- Power Supply: 380V/50Hz Or Diesel Generator Option
- Highlight: **Containerized Mobile N2 Generation Skid, 200Nm3/h Nitrogen Skid Package, 20ft ISO Rapid Deploy N2 Unit**

Product Description

Nitrogen Generation Skid - Containerized Mobile N2 System 200Nm³/h 99.5% Purity

This containerized mobile nitrogen generation skid delivers 200Nm³/h of 99.5% purity nitrogen from a 20ft ISO container package. Engineered for rapid deployment at remote sites, pipeline projects and temporary plant operations where permanent nitrogen infrastructure is not available.

Mobile Skid Design

Containerized construction: 20ft ISO container, transportable by truck or flatbed

Self-contained operation: integrated air compressor and dryer, single fuel/power input

Quick deployment: operational within hours of arrival on site

Weather protected: insulated container suitable for outdoor installation

Flexible output: nitrogen purity adjustable from 95% to 99.5%

Technical Specifications

N2 Capacity	200 Nm ³ /h
N2 Purity	99.5% (95%-99.5% adjustable)
Container Size	20ft ISO high cube
Working Pressure	0.7-1.0 MPa
Deployment Time	Within hours
Control System	PLC + HMI touch screen
Noise Level	Below 75 dB(A) at 1m
Power Supply	380V/50Hz or diesel generator option

Applications

Remote oil fields, pipeline purging, temporary plant commissioning, mining sites, emergency nitrogen supply and construction projects.

Ask our engineers for a mobile nitrogen generation skid tailored to your project timeline and site conditions.
