

6 Bar Standard PSA Nitrogen Generator Machine On-Site Nitrogen Production Plant for Industry

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: GASPU
- Certification: ISO 9001:2015, CE
- Model Number: GPN-6B-50S
- Minimum Order Quantity: 1 Set
- Price: USD 30000-115000 / Set
- Packaging Details: Export wooden case package with foam protection
- Delivery Time: 30-50 working days
- Payment Terms: T/T, L/C
- Supply Ability: 15 Sets per Month

Product Specification

- Nitrogen Purity: 99.9%
- Flow Rate: 50 Nm³/h
- Output Pressure: 6 Bar
- Design: Standard Plant
- Application: Industrial Production
- Working Pressure: 0.6-0.6 MPa
- Voltage: 380V 50Hz 3Phase
- Control System: PLC Automatic
- Highlight: **6 Bar Industrial N₂ Plant, Standard PSA Nitrogen Machine, On-Site Production Supply**

Product Description

The **6 Bar Standard PSA Nitrogen Generator Machine** is a complete on-site nitrogen production plant for industrial users. This standard model delivers continuous N₂ supply at 6 bar pressure with proven PSA reliability, supporting a wide range of industrial processes with low operating cost.

Continuous Production Plant

On-site nitrogen production plant with 50 Nm³/h capacity

6 bar stable output for workshop and process use

Buffer tank ensures uninterrupted supply

Standard Industrial Design

Proven PSA technology with premium carbon molecular sieves

PLC touch-screen control with real-time monitoring

Heavy duty components for long service life

Wide Application Range

Heat treatment and metal processing

Food packaging and beverage storage

Chemical blanketing and electronics manufacturing

Get a quote today to set up a 6 bar standard PSA nitrogen generator machine for your industrial production.
