

Membrane Nitrogen Generator Truck Mounted On-Site N2 System for Field Operation

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: GASPU
- Certification: ISO 9001:2015, CE
- Model Number: GPN-MT-30
- Minimum Order Quantity: 1 Set
- Price: USD 50000-180000 / Set
- Packaging Details: Export standard with truck chassis
- Delivery Time: 45-60 working days
- Payment Terms: T/T, L/C
- Supply Ability: 8 Sets per Month

Product Specification

- Nitrogen Purity: 99.9%
- Flow Rate: 30 Nm³/h
- Design: Truck Mounted
- Application: Field Operation
- Working Pressure: 0.6-1.0 MPa
- Voltage: 380V 50Hz 3Phase
- Control System: PLC Automatic
- Highlight: **Truck Mounted N2 Generator,
On-Site Field Nitrogen Supply,
Mobile Membrane Separation Unit**

Product Description

The **Membrane Nitrogen Generator Truck** mounted system is a mobile on-site N2 solution for field operations. Utilizing advanced membrane separation technology, this truck-mounted unit produces nitrogen directly at the worksite, eliminating the need to transport gas cylinders or liquid nitrogen to remote locations.

Mobile Field Operation Design

Truck-mounted unit moves directly to the worksite

Fast setup and deployment within hours

Self-contained system with integrated power and controls

Membrane Separation Technology

Advanced hollow fiber membrane modules

Continuous on-site nitrogen generation

Simple operation with minimal moving parts

Field Applications

Pipeline purging and pressure testing

Well servicing and oilfield operations

Remote construction and maintenance sites

Contact us today for a membrane nitrogen generator truck tailored to your field operation requirements.
