

Onsite Membrane Nitrogen Generator Truck 99% Purity Mobile N2 for Field Service

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: GASPU
- Certification: ISO 9001:2015, CE
- Model Number: GPN-MT-30F
- Minimum Order Quantity: 1 Set
- Price: USD 48000-175000 / Set
- Packaging Details: Export standard with truck chassis
- Delivery Time: 45-60 working days
- Payment Terms: T/T, L/C
- Supply Ability: 8 Sets per Month

Product Specification

- Nitrogen Purity: 99%
- Flow Rate: 30 Nm³/h
- Design: Truck Mobile
- Application: Field Service
- Working Pressure: 0.6-1.0 MPa
- Voltage: 380V 50Hz 3Phase
- Control System: PLC Automatic
- Highlight: **Onsite Mobile N2 Truck,
99% Purity Membrane Generator,
Field Service Nitrogen Supply**

Product Description

The **Onsite Membrane Nitrogen Generator Truck** provides 99% purity mobile N2 for field service operations. Engineered for rapid deployment, this truck-mounted unit generates nitrogen on location for pipeline testing, equipment purging and remote maintenance, eliminating gas delivery delays.

Mobile Field Service Design

Compact truck unit with quick-connect gas outlets
Rapid setup and deployment on arrival
One-operator PLC control system

Reliable Onsite Generation

99% purity nitrogen produced continuously
Membrane technology with low maintenance
Stable output for demanding field tasks

Field Service Applications

Pipeline pressure testing and purging
Tank inerting and blanketing
Construction site nitrogen supply
Request a quote now to add an onsite membrane nitrogen generator truck to your field service fleet.
