

Fully Automatic PSA Nitrogen Generator 200 Nm³/h N₂ Plant with 99.9% Purity

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: ECER
- Certification: ISO 9001:2015, CE
- Model Number: PSA-N2-200A
- Minimum Order Quantity: 1 Set
- Price: USD 60,000-95,000 / Set
- Packaging Details: Export-grade seaworthy packing with shock-proof reinforcement
- Delivery Time: 25-40 working days after deposit
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 20 Sets per Month

Product Specification

- Nitrogen Purity: 99.9%
- Control System: PLC + Touch Screen
- Operation Mode: Fully Automatic
- Working Pressure: 0.6-1.0 MPa
- Nitrogen Flow Rate: 200 Nm³/h
- Pressure Dew Point: -45°C
- Highlight: **Automatic Operation N₂ System,
200 Nm³/H High Efficiency,
Industrial Automatic N₂ Generator**

Product Description

Automatic PSA Nitrogen Generator Machine High Efficiency Operation 200 Nm³/H N₂ Plant

High Efficiency Automatic Operation PSA Nitrogen Generator Machine

High Efficiency | Automatic Operation | PSA Nitrogen Generator Machine

This PSA-N2-200A is a **high efficiency automatic operation PSA nitrogen generator machine** delivering **99.9% high-purity nitrogen** with fully automatic control. One-touch start, PLC-driven adsorption cycle switching and automatic purity monitoring enable unattended 24/7 operation - maximizing nitrogen output per kWh while minimizing operator workload.

Key Features

High Efficiency: Optimized adsorption cycle and high-performance carbon molecular sieve deliver more N₂ per kWh.

Automatic Operation: PLC automatic control with one-touch start, auto cycle switching and self-diagnosis.

Unattended Running: Automatic purity monitoring and alarm system allow reliable 24/7 unmanned operation.

Stable High Purity: Continuous 99.9% nitrogen output, dry and oil-free for industrial applications.

Easy Maintenance: Modular design with quick-access components reduces downtime and service cost.

Cost Saving: On-site generation cuts nitrogen cost versus cylinder or liquid nitrogen supply.

Technical Specifications

Parameter	Value
Model	PSA-N2-200A
Nitrogen Purity	99.9%
Nitrogen Flow Rate	200 Nm ³ /h
Pressure Dew Point	-45°C
Working Pressure	0.6-1.0 MPa
Operation Mode	Fully Automatic
Control System	PLC + Touch Screen

Contact us today for a high efficiency automatic PSA nitrogen generator machine for your plant.
